- Tabletop (1 piece)
- Legs (4 pieces)
- Crossbar (1 piece)
- Screws (12 pieces)
- Allen key (1 piece)

Tools Required (not included):

- Phillips screwdriver

4. Assembly Instructions

Step 1: Attach Legs to Tabletop

- Place the tabletop upside down on a soft surface.
- Align holes on legs with pre-drilled holes on the tabletop.
- Secure each leg using 3 screws and tighten with the Allen key.

Step 2: Attach Crossbar for Stability

- Connect the crossbar between two legs.
- Use the remaining screws to secure the crossbar.

Step 3: Tighten All Screws

- Ensure all screws are tightened properly.
- Avoid over-tightening to prevent damage.

Step 4: Flip and Position

- Carefully flip the table upright (two people recommended).
- Position the table in your desired location.

5. Maintenance and Care

- Clean the table with a soft, damp cloth. Avoid abrasive cleaners.
- Tighten screws periodically to maintain stability.

6. Troubleshooting

- Wobbly Legs: Ensure all screws are tightened properly.
- Uneven Tabletop: Verify that the floor surface is even or adjust leg positions.
